CLE 076

Introduction to Agile Software Acquisition

8-Enabling an Agile Acquisition Culture

Module TLO: Describe typical enablers and barriers to adopting Agile in DoD acquisition culture.

Subtopics

- 8.1 General & Agile-Specific Factors in Enabling Cultural Change
- 8.2 OSD interactions
- 8.3 Organizational Climate
- 8.4 Project, Team & Customer Environment
- 8.5 System Environment
- 8.6 Technology & Process Support Environment

ELO

- ELO 1 - Discuss why Agile is considered a significant cultural change for DoD contracted programs.
- ELO 2 – Describe enablers and barriers to Agile adoption in OSD (meta)-acquisition system
- ELO 3 – Identify factors in typical acquisition organizational climate that enable or provide barriers to Agile practices adoption.
- ELO 4 – Identify Project, team, and customer environment factors that enable or provide barriers to Agile practices adoption.
- ELO 5 – Identify system, technology, and process support environment factors that enable or provide barriers to Agile practices adoption.

ELO Mapping to Sub-topics

Subtopic	ELO(s)
8.1 General & Agile-Specific Factors in Enabling Cultural Change	1
8.2 OSD interactions	2
8.3 Organizational Climate	3
8.4 Project, Team & Customer Environment	4
8.5 System Environment	5
8.6 Technology & Process Support Environment	5

Subtopic: 8.1 General & Agile-Specific Factors in Enabling Cultural Change

- Add new content slides as necessary for each subtopic

Subtopic: 8.2 OSD interactions

- Add new content slides as necessary for each subtopic

Subtopic: 8.3 Organizational Climate

- Add new content slides as necessary for each subtopic

Subtopic: 8.4 Project, Team & Customer Environment

- Add new content slides as necessary for each subtopic

Subtopic: 8.5 System Environment

- Add new content slides as necessary for each subtopic

Subtopic: 8.6 Technology & Process Support Environment

- Add new content slides as necessary for each subtopic
